MediFormatica

Welcome to MediFormatica's website.

This website is dedicated to the subject of Medical Informatics and all the different topics related to this subject. MediFormatica will also cover the Hospital Management Information Systems (HMIS) in details, starting from explaining what an HMIS is, upto making a guide for purchasing the appropriate HMIS for a hospital.

Your comments, contributions and criticism are always welcome, and I hope to be able to cover the basics as soon as possible in order to move on to the more advanced topics soon.
